NEW SERIES: VOLUME 9, No. 49

BARBOURVILLE, KY., FRIDAY, OCTOBER 10, 1919

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

Make Kentucky "Safe" For Prohibition VOTE "YES" ON THE STATE WIDE AMENDMENT NOV. 4TH.

CONGRESSMAN J. M. ROBISON, who introduced bill granting additional compensation to all soldiers, sailors, marines and others who served in the armed forces of the United States in the war against Germany and Austria.

Washington, D. C., Oct. 3, 1919.

Mr. Fred Burman,
My Dear Friend:

I enclose herewith a copy of the bill I have introduced for the benefit of the boys who were in the world war. I know this will be of interest to almost every family in your county, because almost every family had some member in this war. I am going to do everything in my power to see that this bill passes. I am heartily in favor of giving to the soldiers, sailors and marines who served in the war, against Germany and Austria a bonus. The wages paid them were grossly inadequate. I am in favor of all the boys having bonus, but I feel that the boys who served overseas should be given more than those who did not go across. Canada has already given her soldiers a substantial bonus. Our government gave the people of Europe one hundred million dollars after the war. The contractors of this country got from two to five billion of excess profits in their dealings with the government. We loaned ten billion dollars to the allies and much of this will never be paid back and why should we be niggardly with the boys who were cut off from the opportunity of making money or advances in civil life.

Your friend,
J. M. ROBISON.

Following is the bill introduced by Congressman Robison:

A bill granting additional compensation to all soldiers, sailors, marines, and others who served in the armed forces of the United States in the war against Germany and Austria.

Be it enacted by the Senate and

House of Representatives of the United States of America in Congress assembled, That every officer and enlisted man of the Army, Navy, Marine Corps, and every member of the Army Nurse Corps, including Agent in Red Cross units, who served in the forces of the United States in the war against Germany and Austria on any time on and between April 6, 1917, and November 11, 1918, and who has been honorably discharged from said service, or who may hereafter be honorably discharged therefrom, if he or she served overseas, he shall receive in addition to all other compensations and allowances, hereafter approved by law, the sum of \$10 for each month of such service overseas rendered before November 11, 1918, and \$20 per month for each additional month that he served overseas in the United States between April 6, 1917, and to the time of his or her honorable discharge, not later than October 1, 1919, and if he or she did not serve overseas, they shall receive \$20 per month for such time that he or she served between April 6, 1917, and October 1, 1919. In the computation of the length of service a fraction of a month shall be considered a full month.

If a person above described, who was in the service at any time on and between April 6, 1917, and November 11, 1918, who if living, would be entitled to the benefits of this act, shall have died prior to or on the date this act takes effect, and was honorably discharged, or was at the time of his or her death in good standing, or shall die, hereafter, before receiving such payment, after being honorably discharged, or while in good standing, then the payment otherwise accruing to the deceased shall be paid to the surviving widow, child, or children, mother or dependent father of the deceased, in the order herein stated.

The benefits of this act will not accrue to any person for time spent while taking training in any student army, training camp, training school, nor any person who, though inducted into the service, did civilian work at civilian pay, nor to any person who was a conscientious objector and was permitted because of same to perform noncombatant duty, while in the service, nor to any person who was a deserter or dishonorably discharged.

Sec. 2. That all persons entitled to receive payment under this act, shall receive the same in lawful money of the United States, if such money is available for such purposes, and if there is not sufficient money in the Treasury to meet such payments, Secretary of the Treasury is hereby authorized and directed to issue bonds of the persons entitled to receive said payment, United States Government bonds at par, such bonds to be known as Victory bonds. All of such bonds will be dated as of the date of the approval of this act by the President or upon the date it shall become a law without his signature if he should fail to approve same, and to bear in-

terest at 4 per centum per annum and to be nontaxable for any purpose and for all purposes. The said bonds for overseas service will be in denominations of \$40 and such multiples of \$10 as the case may require. And the said bonds for the other service shall be of denomination of \$20 and such multiples of \$20 as the occasion may require. Such bonds will be in such form and such condition of issue, conversion, redemption, maturities, and payment, in addition to the terms herein stated, as said Secretary may prescribe.

Sec. 3. That the Secretary of War and the Secretary of the Navy, respectively, shall make and adopt such rules and regulations as shall be necessary for carrying out and enforcing the provisions of this act.

MORAL—DON'T BORROW.

A man who was too stingy to subscribe for his home paper sent his little boy to borrow the copy taken by a neighbor. In his haste the boy ran over a 84 stand of bees and in ten minutes looked like a warty snapper. His father ran to his assistance, and failing to notice the barbed wire fence, ran into that, cutting a hole in his anatomy and ruining a pair of trousers. The old cow took advantage of the gap in the fence and got into the corn field and killed herself eating green corn. Hearing a racket, the wife ran out, upset a four-gallon churn full of cream into a basket of little chickens, drowning the entire hatch. In her haste she dropped a \$25 set of false teeth. The baby, having been left alone, crawled through the milk into the parlor, ruining a brand-new \$25 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails of four blue shirts on the clothes line.—Selma (Ky.) Banner.

MICKIE SAYS

IF YOU'VE GOTTA FRIEND SOMEWHERE WHO USTA LIVE HERE, WHY DONCHA SEND EM THE PAPER PER A YEAR? NOTHIN' YA KIN DO WILL PLEASE 'EM MORE!

Union College Notes

Dr. Gray visited the College Freshman English Class Saturday afternoon and gave them a talk on methods of becoming a good public speaker. The class learned that the first essential is to want to be a good speaker; the second is to have a real message that you want to give to others.

There is a movement on foot to organize the school into two literary societies. This will give each student a chance to do his best along lines of public performance.

The students are having good times at their bi-weekly socials in the parlor of Speed Hall. Last Saturday night was one of the jolliest ever.

The Serenading party that visited Speed Hall Monday night was greatly appreciated by the Hall dwellers. Judging from the music rendered and the quality of the singing, the choral classes this year should have the heaviest support of the young men.

The Junior Academy Class held their first meeting Saturday and the officers elected were Cheslie Franklin, President and Violet Humfleet Secretary and Treasurer.

Union College certainly had its place in the Kentucky conference this year. She had a day of the sessions for herself. The preachers of the conference were deeply impressed with the

work of the College. They have learned that Union College is the greatest channel through which preachers may be had to fill the ranks of Methodism in Kentucky.

Several preachers visited the conference and returned with good appointments for the coming year. Among them S. P. Franklin to work in Chicago in connection with his studies in Garrett Biblical Institute, W. G. Butler to Middlesboro, G. V. Sanders to Pineville, J. E. Bingles to Williamsburg, A. H. Guyn to Kettle Island circuit, W. D. Archibald to Barbourville circuit, Wm. Marcum to London, Clarence Fisk to Wilton circuit. Two of the above, S. P. Franklin, and W. G. Butler were ordained deacons at the conference.

The Kentucky Conference is justly proud of the preacher students of Union College and very fittingly expressed itself in the way it received our beloved President Franklin, "May his tribe increase."

Union is now offering a complete course in domestic science. Miss Erma Beard of Portland, Ind., will carry on this new department of work very efficiently. All the boys are making arrangements to join the sewing class. This class is born of the necessities of the time. Nearly all the boys need a course along this line of work, as buttons must soon be sewed on, socks must be darned and elbows patched. Success to the young men's sewing class.

The Sophomore Class held its first regular business meeting last week and elected James Blair President, Anna Lee, Vice President, Clarence Fisk, Secretary. Mrs. Fisk and Mrs. Butler were made honorary members of the class. A social committee was appointed whose work will be to provide social good times for the class as often as practicable.

The Sophomores went for a picnic supper to Long Hill Tuesday afternoon. The bugs and cakes and pickles and weiners disappeared like magic when the bonfire had reached the right stage of development.

Songs and class yells made Long Hill remember the old days

MR. FRED BURMAN.

The above is a good likeness of Mr. Fred Burman, editor of The Mountain Advocate, who Monday of last week underwent an operation at Norton Memorial Infirmary in Louisville.

It will be of interest to the many friends of Mr. Burman to know that he is improving nicely and hopes to be back on the newspaper soon. Mrs. Burman who is with her husband in a letter to her sister, Mrs. W. B. Minton, says that he is rapidly improving and hopes to be able to come home Saturday.

when the Indians roamed over this country. Everybody had such a good time that another picnic before the snow flies was talked of enthusiastically.

"Hurrah for the White Sox!" Score 24 to 19, favor of White Sox.

A wonderful game of indoor baseball on the outside was witnessed on the campus yesterday. Cicotte pitching for the White Sox of Union College had the better of the three Red or Bolshevik pitchers. Cicotte allowed only 38 hits, while the Reds got 27 hits. The White Sox won 24 to 19. The grandstand and bleachers (the college steps) were crowded with enthusiastic fans who were betting big odds on the Reds. This game is the climax of the season's work. But a fine team will be on hand to continue next year.

A Beautiful Woman.

Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25 cents.

What you will be tomorrow depends on what you save today.

This is a well known fact, and is admitted even by the greatest spendthrifts. But they don't seem to care.

It is the man who takes this fact seriously, who will have money tomorrow.

Never in the history of the world has it been so easy to start saving.

\$1.00 Will Start The Account

You can start a savings account here today. It will begin to grow at once.

The government will help you. War Savings Stamps are safe and sure. We have them for sale.

NOTICE
Notice is hereby given that an election will be held on the 4th day of November, 1919, in precinct No. 17, to determine whether it shall be lawful for cattle (hogs only) to run at large in said district.
Given under my hand this 1st day of October, 1919.
D. W. Slusher, Clerk.

ADVANTAGES OF HAY CAPS ARE NUMEROUS

**Give Protection From Rain and
Reduce Loss of Leaves.**

**One of Strongest Recommendations is
That Growers East of Mis-
sissippi River Are Enthusi-
astic Over Their Use.**

(Prepared by the United States Depart-
ment of Agriculture.)

Hay caps—covers used in curing hay—give protection from rain, reduce the loss of leaves, improve the color and increase the feeding value of the hay. One of the strongest recommendations for the use of hay caps is the fact that hay growers east of the Mississippi river who have used them are nearly always very enthusiastic regarding their advantages. The chief reason hay caps are not used more extensively, both North and South, is that most hay growers are of the opinion that they cost too much to warrant their use. In many sections

Curing Alfalfa in Cocks Under Caps.

the reduction in the value of hay through discoloration by sun and rain in a normal season amounts to as much as, or perhaps more than, the cost of enough hay caps to prevent this loss.

Hay caps are of two distinct types—those that are entirely impervious to both air and rain, and those that shed nearly all of the rain, and at the same time allow most of the moisture-laden air from the interior of the stack, to pass through and be carried away. The caps are fastened on the hay cocks by weights attached to each corner of the cap and buried in the hay, or by use of strings tied to each corner of the cap and fastened together near the ground on opposite sides of the cock. Caps should be put in place as soon as the cock is made, but when there is no indication of rain this may be delayed until the following forenoon. When the caps are not in use they should be dried thoroughly and stored. If properly cared for they will last several seasons, and can be used on three or four cuttings each season.

At the New Jersey experiment station it was found that when some cocks of alfalfa were covered with cotton sheeting caps 45 inches square and exposed to a heavy rain lasting 24 hours, the hay was damp only two or three inches below the top. The cocks that were not covered received a thorough wetting and the hay was more or less bleached, the stems brittle and the loss of leaves heavy.

Hay caps are especially valuable in curing alfalfa and clover hay which do not dry out as readily as the grasses. Alfalfa hay must be handled carefully to avoid loss of leaves which constitute from 40 to 60 per cent of its weight. Farmers making a specialty of producing choice hay for market, or feeders, such as dairymen, desiring good palatable hay free from dust, will find that under certain conditions it will pay well to cure hay in cocks, under hay caps, when ordinary methods have been found to be unsatisfactory.

HOW TO HANDLE SHEEP

To lead a sheep, stand on the left side, place the left hand under the lower jaw and the right hand on the dock or tail. Press on the dock and the animal will move; the left hand is used to guide it. Dragging sheep is hard on both man and sheep. To carry a sheep, stand to the rear and on the right side; place the right hand just back of the right front leg and underneath the brisket. Gently raise the front end of the sheep from the ground. Grasp the left hind leg at the hock, using the left hand, and lift the sheep. Struggling will be prevented in this way.

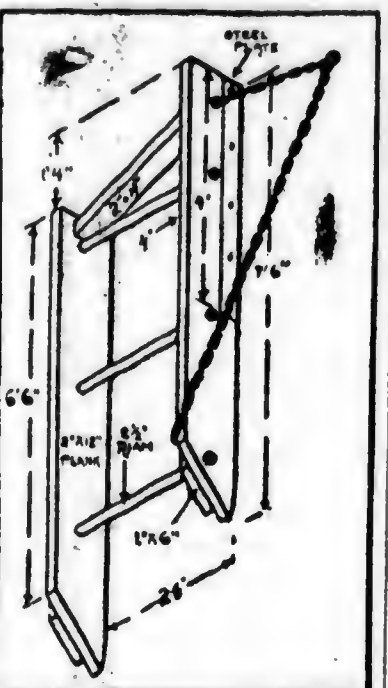

DRAGGING ROADS IN SPRING

**By Taking Advantage of Proper Mo-
ment Many of Ruts and Bumps
Can Be Smoothed Out.**

Most earth and gravel roads are in bad shape during the entire winter, largely because of the heavy fall hauling of harvested crops, and the rush of necessary farm work, which takes precedence over any kind of road work. The cold weather strikes them in this condition and makes each rut and bump almost as solid as rock, and in the spring these break down into mud.

Traveling over these ruts is a very racking, uncomfortable, and sometimes painful operation. The rough jolts require a reduction in speed, cause an added strain on all classes of hauling

Plan of Plank Road Drag.

equipment, and frequently force the automobile owner to abandon the use of his car for the entire spring rather than risk a breakdown.

Most of the unpleasantness and difficulty may be remedied in many localities even in the worst weather, for there are times when the worst cul-de-sac surface is in fairly good condition for dragging. By taking advantage of the proper moment, the ruts and bumps can be smoothed out and the next freeze will result in a smooth hard-surfaced pike that can be favorably compared to a concrete highway.

Owing to the fact that the road surface will be rather wet and sticky when dragged, greater care must be exercised in handling the drag. If the blades of the drag are set vertically, there will be a tendency to scrape up too much earth, or, in the language of the road man, "Ball up in front." Also, if the hitch to the team is set too near the center, the angle of the drag with the road will be too nearly a right angle, or straight across, to shed or crown the wet earth.

Dragging under these conditions should be more an "ironing out the wrinkles" process; hence the blades of the drag should be given a forward or flatter inclination than when working a dry road. The hitch should be so arranged that the angle of the drag is more nearly parallel to the road than ordinary, thus causing the earth to shed better and prevent trouble. For extremely bad conditions, the use of the road machine ahead of the drag will be found effective. In all cases, the road should be freed of all stumps, snags, and bowlders, as these seriously retard good dragging.

A little practice will enable the operator to do a fairly creditable job, and after a subsequent freeze the road will present a smoother and much more comfortable surface. Then, when the spring rains come, the road will quickly shed the water that formerly collected in the deep ruts, and be dry and hard long before similar roads not dragged.

The present difficulties encountered in getting large amounts of crushed stone for road repairs necessitates the greatest care in maintaining all road surfaces in the best possible way without the use of additional materials.

A Hoe and a Sponge.

A thick cultivated soil mulch is one of the best possible ways of saving moisture for growing crops. He that most frequently tills his soil, especially in times of drought, reaps other things being equal, more abundant harvest than if tillage were neglected.

Character of Community.

Roads index the character of any community. They determine its importance. They either limit its advance or aid it. If it isn't worth a good road, it isn't worth living in and land isn't worth what it sells for.

Corn in Laying Ration.

Poultrymen who have it will find it advantageous to use a larger proportion of corn in their poultry rations than has generally been recommended.

NOVEL SILKS IN SKIRTS

A new and fascinating chapter in the story of separate skirts has been offered by the employment of wonderful new weaves in silk for making them. The knitted weaves, in plain and mixed colors, heavy and very brilliant satins, tricotelles, are all produced in beautiful patterns of one or two colors showing huge checks, cross-bars, pinids and mixtures. In the picture a blue and white, in a rough weave with brilliant luster, makes a skirt of utmost elegance.

Your Red Cross Is Still Busy

**READ WHAT YOUR
DOLLAR IS DOING**

RED CROSS EXTENDS ACTIVITIES TO BENEFIT RURAL COMMUNITIES

THE Red Cross is your Red Cross, serving you at home, representing you abroad.

It is for you, now that the war emergency is past, to make the most of its far-reaching ability to serve.

Home Service work, undertaken by the Red Cross Department of Civilian Relief, served in war time to aid the families of fighting men and to relieve anxiety of soldiers in camps.

Out of experience gained in this work comes the Red Cross plan for the future. The common objective of all Red Cross work is to improve general living conditions, to conserve the health and to promote the welfare of all people.

In the larger cities community improvement has already reached a high state of development. It is left for the Red Cross to assist in furthering such work at the request of established agencies.

But in the small cities and towns the Red Cross service is only limited by the interest and response of the public to the opportunity offered by the peace time extension of the Red Cross.

Home Service is not charity work. The Red Cross organization is open to all. All may benefit by making the most of its far-reaching ability to serve.

Health, education, the development of the public health nursing idea and allied forms of community betterment work will be dealt with as individual problems, where Red Cross assistance is invited.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

On German Soil.

In the City Square of Treves, Germany, headquarters of the allied military forces, an ancient cross surmounted monument marks the city's center of strife. For this reason American Red Cross officials converted it, as shown by this picture, into a directory of all Red Cross activities in the city.

The Square Deal is Born and Bred Into Fisk Tires

**Back of Fisk Tires there's a concern whose

property owner who desires to exercise such privilege of payment in installments shall, before the expiration of thirty days, enter into an agreement in writing with the City of Harboursville that, in consideration of such privilege, he will make no objection to any illegality or irregularity with regard to the taxes against his property, and that he will pay the same in the manner herein provided with specified interest. In cases where such agreements have not been filed within the time limited above, the entire tax shall be payable in cash without interest before the expiration of said thirty days. Any such tax not paid within said thirty days shall bear interest at the rate of six per cent per annum from the date of the publication of this Ordinance.

In case any one or more of said property owners shall elect to pay said tax in ten equal annual installments, the same shall be payable as follows: One tenth of said tax, with interest at the rate of six per cent per annum on the entire tax at the time fixed by law for the payment of general city taxes for the year 1919, and annually thereafter one tenth of the entire tax. At the end of each six months from the time the first installment of tax becomes due, interest shall be due and payable for six months on all unpaid installments of said tax: Provided, however, any person may, at any interest paying period next after the fifth annual installment of his tax becomes due, pay the entire assessment of tax against his property with accrued interest.

Passed October 6, 1919.

Approved October 7, 1919.

Thos. D. Tinsley, Mayor.

Attest: John Parker, City Clerk.

WHEN HER BACK ACHES

**A Woman Finds All Her Energy and
Ambition Slipping Away.**

Harboursville women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of their merit in a Harboursville woman's words:

Mrs. Bertha Steele, Pilzer St., says "My back was so weak, I could hardly do anything. My ankles and limbs became swollen and the action of my kidneys was irregular. I used Doan's Kidney Pills, procured from the Costello Drug Co., and they helped me, relieving the backaches and other symptoms of kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Steele had. Foster-Milburn Co. Mfgs., Buffalo, N. Y.

OVER-EATING
is the root of nearly all digestive evils. If your digestion is weak or out of order, better eat less and use

KI-MOIDS
the new aid to better digestion. Pleasant to take—effective. Let KI-Moids help straighten out your digestive troubles.

Mrs. C. E. Oakley, of London returned home last week after several days visit to her sister, Mrs. W. H. Cannon in this city.

Chas. R. Mitchell of this city has been appointed agent for the Masonic Protective Association of Worcester, Mass.

Mrs. Lulu B. Smith, English teacher in our high school spent Saturday and Sunday with her mother in Corbin.

If you want an all time health officer, to look after the health of the county, vote yes at the November election, for All Time Health Department.

Henry C. Black, of Johnson City, Tenn., was here last week visiting his parents Mr. and Mrs. John A. Black.

Mrs. Hugh M. Oldfield left Tuesday night for Princeton to be with her husband, Prof. Oldfield who is doing organization work there.

The Misses Campbell of the teaching force of our local school entertained several friends to a sumptuous dinner Sunday at their home at Grays.

Mrs. Louis W. Benninghoff left Friday for her home in Mineral Wells, Texas, after a summer's visit to her parents, Mr. and Mrs. W. Baker.

Rev. Dr. Minton was in Corbin last Sabbath. Next Sabbath Oct. 12, he expects to be in the Presbyterian pulpit of Barboursville morning and evening.

Mrs. Louis W. Benninghoff, of Mineral Wells, Texas, entertained a party of friends at the Star Theater Wednesday evening in honor of Miss Gertrude Black.

Mrs. James D. Black and Miss Gertrude Black of Frankfort, are visiting Mrs. H. H. Owens and family. Several entertainments are planned to be given in their honor.

The North Concord Association of the Baptist church met Oct. 2, 1919, with Ebenezer church on Greasy creek, Bell county. The Barboursville Baptist church was represented by B. E. Baker, Rev. R. L. Creel, J. H. Blackburn and J. W. Hughes. Great enthusiasm exists for the Baptist \$75,000,000 campaign, the Association agreeing to go even beyond its quota. The Association will meet next year with the Swan Pond Baptist church.

The Presbyterian Triangle met with Mrs. Minnie Riddell last Friday and elected a new Board of officers. Mrs. Nesbit, President; Mrs. Burnside, Vice President; Mrs. R. B. Minton, Secretary; Mrs. Condon, Treasurer; Mrs. W. B. Minton, Secretary of Literature; Mrs. Kate Ballard Chaplain. The next meeting will be Friday October 17, with Mrs. Burnside.

Rev. John Baxter a Presbyterian Minister from Loveland, Col., was a visitor at Union College and the home of Dr. and Mrs. Minton on Friday and Saturday of last week. Saturday morning he gave a splendid address at College Chapel on the subject, "Sent to the bench." There are certainly other ways of being sent to the bench besides through base ball failures.

FOR SALE—The Nicholson property on Pine Street. 10 room house modernized, newly painted, new roof, newly papered. Lot about 85 ft. front by 430 ft. Price \$5,500. Half down, balance in 6 or 12 months notes. Is worth more money. See Fred Burman, Mountain Advocate, Barboursville, Ky.

FOR SALE—80 acres limestone rolling grain and tobacco farm located on good road four miles from two good railroad stations. Saine man has owned farm for past 30 years and because of infirmities of old age and scarcity of labor is no longer able to take care of it. Has good six room frame house, barn 40x50 with cow shed attached. Good water, all necessary outbuildings, plenty of fruit for family use. Rural mail route and school wagon pass door. On the back part of farm is thirty acres of tobacco land which has never been plowed and which was in cutover timber and bushes until fire ran through it two weeks ago leaving it bare. There is about 20 acres of bottom land on place. A bargain at \$2,500. HERSHBERGER & DIXON, Paris Crossing, Ind.—4911.

Herndon & Payne Say

Get a big box today. You will like it.

Herndon & Payne, Barboursville, Ky.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a liver favor colds, influenza and other complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

W. R. Hughes, of the Horse Creek Coal Co., Clay Co., Ky., is now mining and shipping coal and would like to have 30 to 35 good miners. He is paying from \$1.00 to \$1.25 per ton for mining. Coal is 40 inches clean coal, solid shooting. Miners can make from \$10 to \$15 per day 47-31.

Old False Teeth Wanted
We pay \$1 to \$2 per set for them in any condition. Broken parts in proportion. We also buy old crowns, bridge work, broken jewelry and old silver of all kinds. Send it to us—your money sent by return mail.

Brackney Refining Co.
P. O. Box 570 Louisville, Ky.

FARM FOR SALE.

48-31-pd. T. C. Parrott, Jarvis Store, Ky.

Sincere Gratitude
Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Mr J. C. Moore is visiting his daughter in Tenn.
He was accompanied by Mrs. T. F. Faulkner.

Judge F. D. Sampson, of Frankfort was a business visitor in our city the latter part of last week.

Hon. E. C. Kash, republican nominee for Railroad Commissioner was here on business the latter part of last week.

Congressman J. M. Robison stopped here Tuesday. Mr Robison made several speeches in Harlan County last week in the interest of Republican State Ticket.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It would help you, too.

Take

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the ... My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think ... I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework. Try Cardui, today. E-76"

Remember

Will You Spend 50c On RAT-SNAP to Save \$100?
One 50c pkg. can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks, and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leave no smell. Comes in cakes. Rats will pass up meat, grain, cheese to feast on RAT-SNAP. Three sizes 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. and Costello Drug Co.

Eve-Wagner

Miss Julia Eve and Mr. Peter Wagner were married Wednesday morning at nine o'clock at the home of the bride's sister Mrs. Minnie Riddell, Rev. W. B. Minton officiating. They left at once for Knoxville, Tenn., well placarded by the friends who attended their wedding.

At the Christian Church

Saturday October 12th.

Bible School at 9:45 a. m. The Bible Class expects the visitors from Jonsee.

The usual services at 10:50 a. m. The John A. Gray, D. D., the "Hobo" Preacher will preach. At the evening hour, 7:30, the pastor will preach, his subject being: "The Soul's Satisfied Quest." All are cordially invited to attend these services.

Thos. J. Belcher, Minister.

Entertains Study Club.

Mrs. J. F. Hawn entertained the Study Club on Tuesday. There were fourteen present. The house was decorated in nasturtiums and daisies, the color scheme of yellow and white being carried out. After the regular program of cakes and cake was served. Miss Gladys Johnson and Miss Dows Sampson assisted Mrs. Hawn.

The Civic Club met with Mrs. M. S. Costello on Saturday, Sept. 27th. A large number of the members were present and the entire afternoon was taken up in discussing the civic movement for betterment, attractiveness and cleanliness of the city. On account of the street improvements the club has not been very active, it being difficult to make efforts to clean the city while new streets were being built. During the fall and winter the club will only meet once a month. The next meeting will be held at the home of Mr. G. L. Dickinson on Oct. 16th.

Needed Protection

Keep your body well nourished and strong and there is little danger. It's essential that you keep up your resistance. There are thousands of families who would not dream of being without the protection that

SCOTT'S EMULSION

affords. The right idea is to start in the fall with Scott's Emulsion and be protected for a strenuous winter.

It's Scott's you ask for.

The Norwegian cod-liver-oil used in Scott's Emulsion is super-refined in our own American laboratories. Its purity and quality is unsurpassed.

Scott & Bowne, Brooklyn, N. Y.

For

Constipation and Indigestion

Avoid drastic cathartics. What your system needs is a mild but thorough cleansing out—something to remove and correct conditions which cause the trouble. You'll find it in

DEVONIS

"The Waterway to Health"

An American Medicinal Mineral Water, bottled at the spring, without any condensing or fortifying.

64 Doses \$1.00
Dose: Tablespoonful in a glass of water.

Devonis is also prescribed by physicians for rheumatic affections, hardening of arteries, high blood pressure and skin affections.

On prescription or from your druggist. Free booklet on request.

The Devonian Mineral Spring Co. (Incorporated) Owensboro, Ky.

"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.
It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around." Three sizes. 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. and Costello Drug Co.

**You Can't Cure Rheumatism
With Liniments and Lotions**

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood

of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

Any items intended for publication should reach this office not later than Wednesday or we will be forced to carry it over for the coming week.

DON'T OVERLOOK

The fact that when you get your ballot in November you should also receive a separate ballot by which you will be able to express your will on the Statewide Prohibition Amendment.

**Do You Want a Position
as Enumerator of
Census?**

The Census of the entire Nation will be taken January 1, 1920; the pay of enumerators—who must be between 18 and 70—will be from \$1.00 to \$6.00 per day. If you want a position as Enumerator for your voting precinct you must make immediate application to Mr. J. N. Meadows, Supervisor of the Census, Jamestown, Kentucky, and state (1) your name; (2) your post office; (3) your voting precinct, both number and name. This must be done immediately.

(All papers of Eleventh District please copy.)

Notice

Sealed bids will be received by the undersigned until noon, Saturday October 25, 1919, for the construction of Depot street in the City of Barbourville, Ky., from the intersection of Allison avenue to the City limits, according to plans and specifications on file in the office of the City Clerk.

All bids must be sealed, marked "Sealed Bid" and addressed to the Mayor, and accompanied by certified check for \$100, which will be returned to unsuccessful bidders, and to the successful bidder upon execution of contract and bond.

The council reserves the right to reject any and all bids.
This October 8th, 1919.

Thos. D. Tinsley, Mayor
Attest:
John Parker, City Clerk.

HON. JESSE D. TUGGLE,

Judge Knox County Court.
The undersigned respectfully represent that they are citizens and residents of Knox County, Kentucky, and qualified voters in said county.

We hereby petition that the County of Knox be established as a district for the creation, establishment and maintenance of a county department of health for the prevention and control of epidemics and communicable sickness as determined by the State Board of Health. And to this end, that the proposition of establishing said county as a district for the creation establishment and maintenance of said department of health be submitted to the voters of said county at the coming November election, 1919, as provided in Chapter 65, page 296, of the Acts of the General Assembly of Kentucky, of 1918.

FOR BETTER ROADS

GREAT ROAD BUILDING YEAR

Thousands of Miles of Improvement Arranged and More Will Surely Follow.

From the passage of the federal aid road act to December 15, 1918, 756 projects were approved by the secretary of agriculture. These projects involve the improvement of 7,807 miles of public roads at a total estimated cost of \$57,032,000, of which the federal government has been requested to contribute \$21,002,000. There have been actually completed to date twelve projects, involving a total of fifty-one miles of road, costing approximately \$617,548, and on which federal aid in the amount of \$200,000.10 was paid.

Altogether there are more than 7,500 miles of road, for which most of the steps preliminary to construction have been taken so far as the bureau of public roads is concerned. Numerous other projects not yet reported to the department have been completed or are under construction, so that the sum total of the road work now in progress under federal aid is greater than appears in this summary.

From Florida to Maine, through the North to the Pacific coast and down to Mexico road building work is going on. Every state has accepted its contribution from the government, and wide an organized effort has been made along those lines to the present time, the states are working gradually to the system of national highways.

Coupled with plans already outlined for expenditures on the roads is the legislative program now before congress, which provides for \$500,000,000 to be expended over a period of seven years by federal aid. It is estimated that in the event of the passage of this bill, which would

Well-Drained Road.

make available immediately \$75,000,000 for use in federal aid, it would be possible for the government and the states to build 34,000 miles of highways this year if labor could be obtained.

VALUE OF POULTRY MANURE

Increased Supply of Fresh Vegetables May Be Obtained By Applying to Garden Soil.

The droppings from fowls, if carefully saved and applied to the garden soil, will increase the supply of fresh vegetables. Poultry manure is rich in nitrogen and is well worth the effort it requires to save and apply. The droppings from an average farm flock will amount to considerable fertility during the year.

AUTO TAXES TO GO TO ROADS

Committee Appointed in Alabama to Request License Fees Be Applied to Highways.

The Birmingham (Ala.) Automobile club has appointed a legislative committee which is to appear before the state legislature with the request that all automobile license fees and taxes be applied on the cost of improved roads in the state. The funds thus diverted would amount to \$1,500,000 annually.

Slow in Road Building.
With all her development, America has always been slow in the matter of road building.

Phosphorus Needed.
It is now generally agreed by experiment station professors and practical farmers in our eastern states that the greatest fertilizer needed by our soils is phosphorus, and that the best method of supplying it is in the form of acid phosphate.

Great Need of Farmer.
If there is any one thing that the farmer needs more than another, it is good highways. Every other business is on the line of progress, so why not the road business?

RAISE CHICKENS BY USE OF HENS

At Hatching Time Fowls Should Be Confined in Slightly Darkened Nests.

KEEP YOUNG CHICKENS WARM

Use Insect Powder to Keep Away Vermin—Brood Coops Should Be Moved Weekly to Fresh Ground—Shade Is Essential.

Sitting hens should be confined to slightly darkened nests at hatching time and not disturbed unless they step on or pick their chickens when hatching, in which case the chickens should be removed as soon as dry, in a basket lined with flannel or some other warm material, and kept near a fire until all the eggs are hatched; or the eggs may be removed and placed under a quieter hen whose eggs are hatching at the same time.

An incubator may also be used to keep the earliest hatched chickens warm, in case they are removed from the nest. If the eggs hatch unevenly, those which are slow in hatching may be placed under other hens, as hens often get restless after a part of the chickens are out, allowing the remaining eggs to become cooled at the very time when steady heat is necessary. Remove the egg-shells and any eggs which have not hatched as soon as the hatching is over. Hens should be fed as soon as possible after the eggs are hatched, as feeding tends to keep them quiet; otherwise many hens will leave the nest. In most cases it is best that the hen remain on the nest and brood the chickens for at least 20 hours after the hatching is over.

Use Insect Powder.

Powder the hen with a good insect powder before moving her and the chickens to the brood coop. The hen should be dusted every two weeks, or as often as necessary, until the chickens are weaned. If lice become thick on the chickens, or if they are troubled with "head lice," a very little grease, such as lard or vaseline, may be applied with the fingers on the head, neck, under the wings, and around the

Brood Coop Used on Government Farm at Beltsville.

vent. Great care should be taken, however, not to get too much grease on the chickens, as it will stop their growth and in some cases may prove fatal.

Keep Brood Coop Clean.

The brood coop should be cleaned at least once a week and kept free from mites. If mites are found in the coop, it should be thoroughly cleaned and sprayed with kerosene oil or crude petroleum. From one to two inches of sand or dry dirt or a thin layer of straw or fine hay should be spread on the floor of the coop. Brood coops should be moved weekly to fresh ground, preferably where there is new grass. Shade is very essential in rearing chickens, especially during warm weather; therefore the coops should be placed in the shade whenever possible. A cornfield makes fine range for young chicks, as owing to cultivation of the ground they get many bugs and worms and have fresh soil to run on.

Brooding Is Difficult.

The proper brooding of chickens is one of the most difficult operations on many poultry farms, especially for the beginner. Many poultry keepers who are able to obtain good egg yields and good hatches make a failure of brooding chickens, either in raising only a small percentage of the chickens hatched or in failing to rear strong, vigorous birds which develop into good breeding stock. Brooding is still in the experimental stage, and no one system has given perfect satisfaction.

BEGIN WITH LITTLE CAPITAL

For Raising Live Stock Plenty of Pasture and Feed Are Essential for Profits.

Live stock raising may require more capital, especially when one must begin without any facilities. But it is possible to make a beginning with little capital. Plenty of feed and pasture are essential for profitable live stock raising.

ADVANTAGES OF SHEEP FLOCK

Good Crop of Wool Is Insured for Market and Fertility of Soil Is Built Up.

The man who invests in a flock of sheep not only insures a good crop of wool for the market; he builds up the fertility of his soil, so that it will grow any kind of a crop he may like to sow.

LESS STRESS ON BAD POINTS OF TRACTORS

Principal Advantage of Machine Told by Dakota Owners.

Among Other Things Mentioned It Saves in Time and Makes It Possible to Cover Desired Acreage in Proper Season.

(Prepared by the United States Department of Agriculture.)

Several hundred tractor owners in the Dakotas were asked these questions:

"What do you find to be the principal advantage of the tractor for farm work?"

"What are its principal disadvantages?"

The replies received have been summarized in Farmers' Bulletin 1053, just published by the department of agriculture.

Saving in time, making it possible to cover the desired acreage within

Farm Tractor Making Plowing a Pastime.

the proper season, is put first among the advantages by a large percentage of the farmers. Other advantages mentioned are:

Ability to do thorough work, especially in hot weather, when horses are at a disadvantage.

Saving in man labor, doing away with more or less hired labor and enabling one man to farm a larger acreage than he can with horses.

Economy.

This last advantage is mentioned by a larger percentage of Dakota farmers than of farmers in other states where similar investigations of the tractor have been made. This is doubtless because the cropping system followed in the Dakotas is such that the tractor can be used to advantage for more of the farm work than in most other parts of the country.

The principal disadvantage of the tractor, according to the reports made by these farmers, is its injurious effect on moist soil. This difficulty is a serious one in districts where the soil is heavy and where it is necessary to do a considerable amount of work in early spring.

Difficulty of operation seems to rank next as a disadvantage. A large percentage of farmers emphasize it. Other disadvantages mentioned are expense of operation, undue increase in investment, and delays on account of engine trouble.

In comparing the reports upon which this bulletin is based with those obtained from tractor owners in various parts of the corn belt several years ago it appears that less stress is laid upon the disadvantages of the tractor in the recent reports than in the older ones.

FOR MORE POULTRY

Keep better poultry: Standard-bred poultry increases production and improves the quality.

Select vigorous breeders: Healthy, vigorous breeders produce strong chicks.

Hatch the chicks early: Early hatched pullets produce fall and winter eggs.

Preserve eggs for home use: Preserve when cheap for use when high in price.

AVOID HAVING PIGS CRUSHED

Eight-Inch Plank Should Be Nailed Around Pen About Eight Inches From Floor.

To prevent having pigs crushed in the farrowing pen, do not permit the sow to make a nest of her bed, but keep it comparatively level. Around the sides of the pen, nail an eight-inch plank, horizontally, and about eight inches from the floor. By use of this contrivance many pigs will be saved from being mashed against the wall.

FEEDING MATERIAL FOR HOGS

Mixture of Corn and Middlings Fed in Self-Feeder Will Be Entirely Satisfactory.

The larger hogs will do well on a mixture consisting of corn three parts to middlings one part by weight. Feeding this material dry in a self-feeder will be entirely satisfactory if the hogs have plenty of water, not too hot, for drinking purposes.

THE WESTERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Neither too Wide nor too Narrow but Standard 56-Inch Auto-track

WEBER

Bought by Farmers Because of Its Known Qualities

REGARDLESS of all other considerations—the 60-inch wagon does not fit the road. Any advantages it might possess are offset by the fact that it is a stranger on its own roads. It rides the ridges, which causes broken axles, wheels and other parts, and the tongue whips about which is hard on the team.

The justly famous Weber wagon is built only in 56" auto-track because this is the standard approved track of automobiles—and the automobile makes the runs in mud or soft roads. If the farm wagon is not made to follow the same path it is out of date for road service. Automobiles are increasing among farmers because they are time-saving necessity, and every farmer who hasn't an automobile intends to procure one at the earliest opportunity.

The Weber 56" auto-track wagon will do everything that the old 60" wagon would do. It will haul cotton bales as easily as the wide track wagon and the team can draw the load without having to pull every inch of the way. It lends itself just as readily to all kinds of farm work and in addition it fits the prevailing road tracks.

Besides the auto-track feature the new Weber has the patented Fifth Wheel and the "Safety First" Swivel Reach Coupling—two advantages that are worth \$20 apiece to the user during the life of the wagon.

By all means see our Weber wagons before you buy. We can offer you something that will save you money and give you service.

Vs.
Mary Dowis Sampson and Anna Maude Sampson, Deft.

I will, as Master Commissioner on the 27th day of October 1919, same being the first day of the October Term of the Knox County Court, sell at the Court House door in Barbourville, Kentucky, to the highest and best bidder, the following described property, real estate, to satisfy the judgement in said case, amounting to maintenance and education of children and \$40.00 probable cost.

Description: Lying and being on Richland Creek, in Knox County Kentucky. Beginning at the Southwest corner of the farm formerly known as the Mahaley P. Dowis farm, and which she sold to Joseph Sampson, which corner is at a large forked elm on the East bank of said creek, same being a corner to Arch Fuller's boundary of land; thence with a line of same N. 46 E. 65.4 poles to a stone in street at the southwest side of a swamp; thence S. 68 W. 17.5 poles to a spotted oak; thence N 47 1-4 W (crossing said swamp) 24.7 poles to a stone at Southwest side of another apple orchard; thence S. 46 W. 43 poles to a stone and sycamore on the Northeast bank

of said creek, same course continued, in all, 44 1-4 poles to center of said street; thence down same with the meanders thereof S 50 1-2 E 12.5 poles. S 44 E 6 poles. S 44 1-2 E 27.1 poles to a point in the creek opposite said beginning corner; thence N. 46 E 1.5 poles to the beginning containing 15 acres, be the same more or less.

Said property will be sold on a credit of six months, purchaser to execute bond with approved security, bearing interest at six per cent, from date, having the force and effect of a judgement and retaining a lien on said property until the purchase money is paid.

WITNESS my hand, this the 8th day of October, 1919.

J. R. Jones, Master Commissioner, Knox Circuit Court.
Sale about 1 p. m. Purchaser must execute bond as soon as sale is over, or the property will be immediately put up and resold.

City Water Test

After a number of tests by the State Experiment Station of the city water, results of examination indicate that this water may be safely used.

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomentha Is A Sure Preventive

Dr. R. M. Brumie, discoverer of each nostril, Brumie's Vapomentha Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brumie's Vapomentha Salve for nearly all the flu for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance. If used according to directions.

These strong statements are fully justified by the remarkable recoveries that follow. Brumie's Vapomentha Salve is applied freely over the chest and throat and inserted in

IS ESPECIALLY EFFICIENT THIS WAY HE THINKS

Butts Lauds Trutona As Combatant of Tired, Draggy, Rundown Feeling

Louisville, Ky., Oct. 9. "Trutona has put my stomach in shape to digest the food I eat and I think it is truly a wonderful medicine the kind a man needs when he has that common tired, draggy run down feeling, C. A. Butts, 1413 East Washington street, Louisville, said recently.

"My system generally was in a weakened and run down condition", he continued. For the past thirty five years I have worked in the foundry of the American Elevator and Machine Co., and I'd get so hot at my work that my system just naturally became run down.

"Realizing that I needed a good tonic that would build me up again and give me strength, I began using Trutona. I'm able to eat anything I want, since taking Trutona and I really enjoy the food, whereas before, I didn't enjoy any of my meals and consequently didn't get much good out of them. My bowels are acting regularly now. I can recommend Trutona more highly than any other medicine I've ever taken and I'm glad to do so."

Thousands of weakened and run-down men and women have found unhelped for relief through Trutona. Going straight to the seat of trouble, Trutona quickly rebuilds worn-out tissues, creates a normal action of the stomach, liver, and bowels and gives to the patient the long-sought-for strength of days gone by. As a body invigorant and system purifier Trutona is peerless.

Trutona is now being introduced and explained in Costello Drug Store.

NOTICE

Notice is hereby given that an election will be held on the 4th day of November, 1919, in precinct No. 23, to determine whether it shall be unlawful for cattle generally and all species thereof to run at large in said precinct.

Given under my hand this 1st day of October, 1919.

D. W. Slusher, Clerk.

NOTICE

Notice is hereby given that an election will be held on the 4th day of November, 1919, in precinct No. 25, to determine whether it shall be unlawful for cattle, general stock law, hogs, cattle, sheep, horse stock and fowls and everything in the way of stock, to run at large in said precinct.

Given under my hand this 1st day of October, 1919.

D. W. Slusher, Clerk.

Tuesday Club

The new year of Tuesday Club was ushered in with great interest and enthusiasm by the eighteen members present at the home of Mrs. Edward Faulkner on Main street, Tuesday afternoon October 7th. Activities in the Club have started and all indications point to one of the best year's work ever planned by the organization. Mrs. Sawyer A. Smith, the president presided over the business session after which the meeting was taken in charge by the leader, Mrs. Win. Barr Minton. A splendid address—"Japanese Viewpoint toward the U. S."—was given by Mrs. Guy Dickinson. Mrs. A. W. Hopper told about Geneva, Switzerland and exhibited the national flag of Switzerland, hand-painted on woolen cloth and the national flower, ebeweiss which was gathered in Switzerland and mounted on velvet more than fifty years ago. "Mohammedanism Wounded by the War" was discussed by Mrs. W. B. Minton.

Two new members, Miss Bertha King and Mrs. Ben Herndon were present. Mrs. Andrew Decker, Jr., was guest for social part of meeting. After literary program, a "Birthday" contest was participated in. Mrs. Creal won the useful prize.

As this was the Fifth Anniversary of the club, the club colors—pink and green, were profusely used. The reception hall, the living room and the dining room were decorated with pink begonias and dahlias. The dining room table had for its centerpiece a large cut glass and silver basket of pink begonias, surrounded by candlesticks holding pink candles. The place cards were pink and green "fives" on the back of which was a question concerning the Club to be answered by the guest receiving it. A delicious salad course was served.

During the course of meeting each member wrote a note, making one large letter to be sent to Mrs. Burman, an absent member, who is now in Louisville.

The year books, one of the prettiest ever put out by the club, were distributed by the Chairman of Program Committee Mrs. James Miller, before adjournment.

LIFE.

Life, life, 'tis a wonderful thing. The flowers and plants have life, and even nature itself breathes life. This life is given to all of us to live it as we like.

Life is a beautiful thing, yet we often hear people complain of their lot in life, always grumpy and cross, making those around them the same.

We should look on the bright side of life and hide our little troubles and cares away from the world for the other fellow has troubles of his own.

As we travel through life's highway, and we find that path but once, give to those that need it lots of love and lots of cheer. Make their darkest day seem brightest by a smile and not a tear. In our lives let each one practice how to make the sunshine brightest into someone's lonely life.

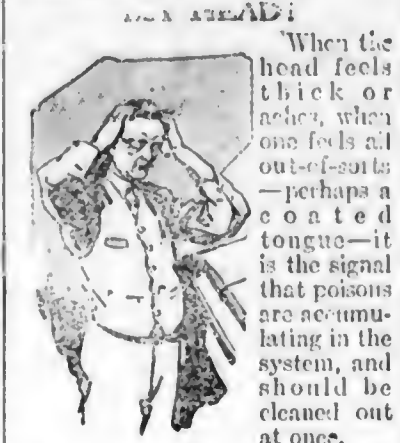

Shall we die and leave no traces of our living here below; only of dark shadows we have cast in others' lives. "Lives of great men oft remind us. We can make our lives sublime. And departing leave behind us Footprints on the sands of time."

Footprints that another traveler, Wandering over this vale of tears, Will follow and be led upward to the great white throne of God."

Vote "YES" on the Amendment Nov. 4th.

The undersigned will pay a reward of Ten (\$10) dollars for any information leading to the arrest and conviction of any and all persons guilty of entering into the enclosure surrounding the reservoir, or throwing anything whatever in the reservoir, or trespassing in any manner upon the property of the undersigned whereon the reservoir is located. This September 27, 1919. Harbourside Supply Company.

FOR SALE—All kinds of plants for winter flowers. Mrs. R. W. Cole.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply, or when you travel.

COMMISSIONER'S SALE.

By order of the Knox Circuit Court rendered at its August term, 1919, in the case of Wm. Carnes, guardian for Ellis Carnes, Myrtle Carnes, Lena Carnes and Ethel Carnes, Plaintiff, against Ellis Carnes, Lena Carnes, Myrtle Carnes and Ethel Carnes, Infants under the age 11 years, Defendant, I will, as Master Commissioner, on the 27th day of Oct., 1919, same being County Court Day for Knox county, sell at the court house door in Harbourside, Kentucky, to the highest and best bidder, the following described property, to-wit:

Description: 1/2 undivided interest in the following land: Beginning at a willow on the Nancy branch, between J. A. Carnes and Earl Miller, thence running southwest with said Carnes and Clark's conditional line to a cedar on top of the ridge known as Geo. Cole line, thence running the ridge with Geo. Cole line to a white oak stump in same ridge, thence northeast with the cross fence to a rock in the bank of the branch, thence northeast to a chestnut on top of the ridge known as Grant Miller line, thence down the ridge with John Hinkle line to a beech on the bank of Nancy branch, thence crossing the branch and the county road to corner of John Hinkle farm, thence running with John Hinkle line to a dogwood on top of the ridge known as Sol E. Hammons line, thence south east with J. A. Carnes line to a corner, thence crossing the county road to the willow the beginning.

Same land deeded from Clark Mills and Maggie Mills to Will and Roe Carnes of record in deed book No. 29 at page 114 in Knox County Court Clerk's office.

Said property will be sold one fourth cash, balance in 3, 6 and 9 months. Purchaser to execute bond with approved security, bearing interest at 6 per cent from date, having the force and effect of a judgment and retaining a lien on said property until the purchase money is paid.

Witness my hand this 7th day of Oct., 1919. J. R. JONES, Master Commissioner Knox Circuit Court.

James Stucky Says, "Rat Cost Me \$125 For Plumbing Bills."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out."

Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. and Costello Drug Co.

—FOR SALE—High Grade Tobacco Farms

Linestone Farms that grow the highest quality of tobacco on Stone Flies, within 10 miles of Louisville at prices ranging from \$75.00 to \$150.00 per acre. This land grows from 1500 to 2500 pounds of Light Burley tobacco to the acre. Our crops invariably bring the highest prices on the Louisville market. During the past year we have sold practically a million dollars worth of farm property to Kentuckians and no sale was ever made by us where the purchaser sold at a loss or even for the price paid.

Come to Jeffersonville and let us show you what we have. You will be under no obligations.

COMMISSIONER'S SALE.

By order of the Knox Circuit Court rendered at its August term, 1919, in the case of W. R. Jay, Guardian of Eva Mays, Anna Mays, Susan Mays, John Mays and Sallie Mays, Plaintiff, against Lina Mays et al., Defendant, I will, as Master Commissioner, on the 27th day of Oct., 1919, same being the first day of the Oct. term of the Knox County Court, sell at the court house door in Harbourside, Kentucky, to the highest and best bidder, the following described property: One farm, to satisfy the judgment in said case, amounting to support and maintenance of children, and \$40.00 probable cost.

Description: A certain tract of land on the waters of Little Richland creek, in Knox county, Ky., and beginning at a black walnut near the branch at the corner of the said Messersmore and Fisher land, and being the same property conveyed to J. C. Sprong and others by Thomas Messersmore, &c., by deed dated 7th day of March, 1902, recorded in deed book No. 4, page 394, and which property was deeded by J. C. Sprong and wife to John Mays, by deed dated the 8th day of November, 1913, recorded in deed book No. 28 page 200, Knox County Court Clerk's office, and described in said deed as second tract, with the reservation as set out in said deed and to which deed, deed book and page reference is made for a full and complete description, also the judgment of record in the Knox Circuit Court Clerk's office.

Said property will be sold on a credit of six months. Purchaser to execute bond with approved security bearing interest at six per cent from date, having the force and effect of a judgment and retaining a lien on said property until the purchase money is paid.

Witness my hand this 7th day of Oct., 1919. J. R. JONES, Master Commissioner Knox Circuit Court.

Sale about 1 p. m. Purchaser must execute bond as soon as sale is over, or the property will be immediately put up and sold again.

Bronchial Trouble.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives relief. After using it for a few days all signs of bronchial trouble disappears."

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle, often cures. Send for sworn testimonials. Dr. E. W. Hall 2026 Olive St., St. Louis, Mo. Sold by druggists.

Sapping the Public Schools of Kentucky

Taxes Going Up; Teachers Underpaid

Under Stanley Democratic rule, in the three years 1915-1918, the equalized value of all property assessed for taxation in Kentucky has increased the enormous sum of \$527,273,483.00. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,734.47.

Taxpayers, This Is Your Business

The new tax law making this huge increase in taxes was passed to raise more money for general state expenses, to pay off old debts and to give more money to the public schools. If this law has raised enough money to pay general expenses and to help pay off some old debts, why has the school fund not received a proportionate increase for the education of our children?

Stanley O. K's Pay Cut

In 1918 a Democratic legislature passed a law and it was approved by Governor Stanley, March 13, 1918, cutting down the amount of money for school teachers' salaries from 20 cents to 18 cents, and many teachers were forced to quit their jobs altogether or to seek positions in other states.

The School Teachers' Merry-Go-Round

The records show that in 39 counties in Kentucky, the salaries of school teachers were more in 1910 than in 1917, 1918 and 1919. They also show that in 71 counties the salaries were more in 1916 than in 1917 and 1918. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 101 teachers last year, only 22 returned this year. In another county only seven out of 48 returned. In another county only 5 out of 65 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay

In the same month that Governor Stanley approved the law cutting down the teachers' salaries, the state owed the teachers for back pay, \$548,372.00. Three months later this amount had jumped to \$1,432,897.94. On June 30, this year, the state still owed the teachers for back pay \$263,454.87. In 1917, the first month's salary was paid in October after three and a half months of teaching. The final payment was not made until August, 1919, eight months after the close of the session. Last year a law was passed to remedy this, but at that salaries are still running late. In addition to having their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay, the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. This year, the school year ending June 30, 1920, was kept at 6 months instead of being put back to 7 months, thus depriving the children of another month's schooling. Twelve months' schooling in two years in place of 14 months.

Gilbert's "Sore Toe" Book

Supt. Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Wilson (Republican). Among the books paid for by the taxpayers at a cost of \$15,000, was the famous "Sore Toe" book, compiled by the equally famous Dr. W. L. Helzer, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Johnnie how to wrap up a "puncture" in his foot, warns little Jennie not to eat meat more than once a day, calls on dad to shave off his whiskers, advises mother to wash an egg before boiling it, and demands the killing of all dogs and cats.

Gilbert's Extravagance

The minute Supt. Gilbert got into office he began filling up his own office, at Frankfort, with clerks and stenographers. The salaries in his department have gone up to three times what they were under Governor Wilson (Republican). The Democratic legislative probe committee of 1918 condemned the Bureau of School Inspection for giving salaries to people who did no work, but there has been practically no change. Tomorrow will change it.

Text Book Commission Farce

The Stanley Text Book Commission changed most of the books in the grades and would have soaked the parents of the children \$850,000 more for their books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so delayed that many schools have been forced to get along with old books, and some of them won't get the new books at all for proper work this year.

Clean House at Frankfort Elect Morrow Governor
